PROFESSIONAL SUMMARY

Frontend Web Developer with 2 years of experience building responsive web applications using React.js, Javascript and modern UI frameworks. Strong understanding of UI/UX performance optimization and reusable component design. Passionate about creating scalable web solutions and learning new technologies.

WORK EXPERIENCE

Frontend Web Developer – Instructor (2 Years Teaching Experience)

Foxscode Infotech

2023 – 2025

- Guided students in building responsive websites using **HTML, CSS, Javascript, Bootstrap5, React.js**.
- Developed demo projects like **Portfolio Website, E-Commerce Landing Page, Blog App** to showcase modern frontend practices.
- Implemented concepts such as **React Router, State Management and Performance Optimization**.
- Assisted students with deploying projects on **GitHub Pages**.

EDUCATION

MAHADEV SHASTRI VIDYALAYA, OLPAD
10th

2017 – 2018

MAHADEV SHASTRI VIDYALAYA, OLPAD
12th

2019 – 2020

INSPIRE MULTIMEDIA EDUCATION
Frontend Web Developer

2022 – 2023

SKILL

- Languages:** HTML5, CSS3, JavaScript (ES6+)
- Frameworks/Libraries:** React.js, Bootstrap 5
- Tools:** VS Code, Github
- Others:** REST APIs, Responsive Web Design
- Design:** Illustrator, Photoshop, Canva

LANGUAGE

- English
- Gujarati
- Hindi

PROJECT

Personal Portfolio Website — React.js, Bootstrap 5, Responsive Design

- Built a **single-page responsive portfolio** using React.js with Bootstrap 5 grid system.
- Integrated **React Router** for smooth navigation (Home, About, Skills, Projects, Contact).
- Added **animations** with CSS & Framer Motion for interactive UI.
- Applied **lazy loading & code splitting** to optimize performance.
- Deployed on Github Pages For public access.

Weather App – React.js, REST API Integration

- Developed a **real-time weather forecast app** using React.js and OpenWeatherMap API.
- Implemented **search functionality** to get weather data by city name.
- Displayed temperature, humidity, and weather conditions with responsive UI.
- Used **React Hooks (useState, useEffect)** for state management & API calls
- Deployed on Github Pages For public access.
